

Step 1: Open the setup page

Open a Web browser (Internet Explorer or Netscape, for example).

Enter <https://ctu.fletsnet.com> in the address box of the Web browser, then press the Enter key on your keyboard.

Step 2: CTU login

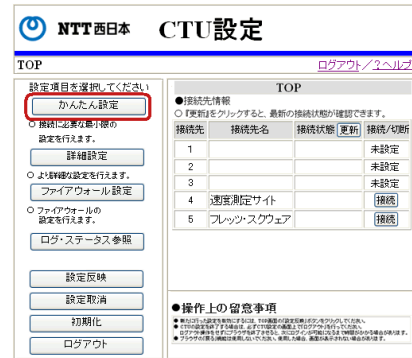

Find the paperwork from NTT listing your **NTT customer ID** and **access password**. In the login window that appears, agree to agreement by clicking the **同意する (Agree)** radio button. Enter your NTT CTU ID in the **お客様 ID (Customer ID)** box: (a). Enter your NTT CTU password in the **アクセスパスワード (Access Password)** box: (b). Click the **ログイン (Login)** button.

Step 3: Select the easy setting

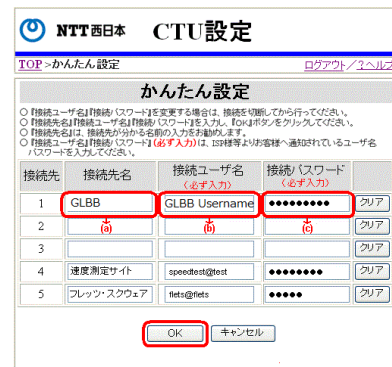

First press the button to the far right of the current provider to disconnect the current service.

Next, Click the **かんたん設定 (Easy Settings)** button.

Step 4: Enter settings

The **CTU 設定 (CTU Settings)** page will appear. Your previous provider information should still be inputted, replace your current provider information with the GLBB login information provided to you when you signed up.

In the **接続先設定 (Connection settings)** screen, enter the following settings:

(a)	接続先名 (Name of connection) : Enter a name. We suggest GLBB
	接続ユーザ名 (Connection user name) : Enter your <i>GLBB User ID</i>
(b)	<i>For Family: GLBBUserID@hyperf.glbb.ne.jp</i> <i>For Mansion: GLBBUserID@hyperm.glbb.ne.jp</i>
(c)	接続パスワード (Connection password)* : Enter your GLBB password.

* Please enter your GLBB User Name and password exactly how it is on the paperwork that you received from GLBB. Click the **OK** button.

Step 5: Apply the settings

The following screen will appear. Click the **設定反映** (Apply Settings) button to register the settings in the CTU.

The screenshot shows the 'CTU設定' (CTU Settings) page. On the left, there are several buttons: 'かんたん設定', '詳細設定', 'ファイアウォール設定', and 'ログステータス参照'. Below these is a red box around the '設定反映' button. On the right, there is a table with columns for '接続先', '接続先名', '接続状態', and '接続/切断'. The table has 5 rows. Row 1 is empty. Row 2 is empty. Row 3 is empty. Row 4 has '速度測定サイト' and '接続'. Row 5 has 'フレックスクウェア' and '接続'. Below the table, there is a '操作上の留意事項' section with some small text.

Step 6: Confirm the change of settings

The following screen will appear. Click the **OK** button, and in the pop up, Press OK again.

The screenshot shows a dialog box titled '変更内容確認' (Confirm Change). It contains two lines of text: '設定を行った内容を一時保存しています。内容を確認する場合は、確認したい項目名称をクリックしてください。' and '設定内容を再度変更する場合は「キャンセル」ボタンをクリックしてください。'. Below the text are two buttons: 'OK' and 'キャンセル'. The 'OK' button is highlighted with a red box. Below the buttons, it says '変更を行った項目'.

Step 7: Completion of settings

The following screen will appear. Click the **戻る** (Return) button.

The screenshot shows a screen titled '処理完了' (Processing Complete). It contains the text '設定内容を反映しました。' (Settings have been reflected). Below the text are two buttons: 'ログアウト' and '戻る'. The '戻る' button is highlighted with a red box.

Step 8: Connect

You will return to the top screen again, the name in number 1 should now say GLBB. Click the **接続** (Connect) button on the far right of the line to the start the connection. **接続中** (Connected) will appear to the left of the button. **If the page refreshes and there is red writing above the box in the middle, this means that there were mistakes either in the username or the password. If this occurs, return to step 3 and double check the information you typed in.**

Step 9: Log out

Click the **ログアウト** (Log out) button which is the bottom button to the left. In the pop up window, press the OK button.

Step 10: Confirmation

Close your Web browser. Now open your Web browser. You should be able to open Web pages.
